

ANADI INFOTECH / AUTOMATION

Repair | Service | Supply | Spares | Support | Obsolete | New-box | Re-box

Your Trusted Source for Yaskawa Repair, Service & Supply

Machines Breakdown? Keeping your production running is our top priority!

Repair | Service | Supply | Spares | Support | Obsolete | New-box | Re-box

About Us:

Anadi Infotech, based in Nashik, is a leading industrial automation company specializing in the repair, servicing, and supply of Yaskawa and other automation components. Our mission is to minimize your machine downtime with cost-effective solutions and fast turnaround.

Yaskawa Expertise & Services

Our Yaskawa Expertise

- We offer repair, re-box, new-box, and support services for a wide range of Yaskawa products, including:
 - Sigma-5 Series
 - Servo Drives
 - Servo Motors
 - ServoPack
 - VFDs
- With deep knowledge and hands-on experience in Yaskawa systems, we ensure that each unit is tested and restored to performance.

Service Offerings

- **Repair & Refurbishment:** Comprehensive diagnostics, board-level repair, component replacement — backed by up to **12 months warranty**.
- **New-Box & Re-Box Supply:** Brand new or re-boxed Yaskawa parts, sourced from trusted channels, all with quality assurance.
- **Obsolete / Legacy Parts:** We specialize in hard-to-find Yaskawa items that are no longer manufactured, helping you extend the life of legacy systems.
- **Rapid Turnaround:** Our well-equipped repair lab and in-stock inventory enable fast repair cycles and same-or-next-day dispatch wherever possible.

Quality & Reliability

- Certified technicians with years of experience in Yaskawa hardware
- Testing on real Servopack racks, drive test benches, and simulation environments
- Rigorous burn-in procedures to ensure restored units perform reliably on re-deployment

Industries, Why Choose Us, & Contact

Industries We Serve (Yaskawa Focus)

We serve a broad set of verticals that use Yaskawa automation solutions, including:

- Automotive Manufacturing
- Food & Beverage / Packaging
- Pharmaceuticals
- Heavy Engineering & Steel
- Electrical Power Systems
- Tier-1 Suppliers & OEMs

Why Partner with Anadi Infotech

- **ISO 9001:2015 certified**, ensuring quality processes and continuous improvement
- **Expertise in Obsolete/Discontinued Parts**, minimizing decommission risk
- **Cost-Effective Solutions**, avoiding high OEM replacement costs through repair and re-box options
- **Responsive Support**, with clear communication and rapid response to minimize production interruptions
- **Strong Customer Portfolio**, including leading names in manufacturing and engineering
